Dear colleagues and friends:

It is with great pleasure that we welcome you to the 26th Annual Meeting of the Latin American Society of Interventional Cardiology and the 30th Annual Meeting of the Argentinian College of Interventional Cardioangiologists, SOLACI CACI ’20. Once again, we set out to receive you here in Buenos Aires, at the exceptionally located Hilton hotel and Convention Center, in the elegant riverside Puerto Madero district, and with the same whole-hearted enthusiasm. We started working right after SOLACI 2019, the moment we were honored by our colleagues with the organization of the meeting, and we would also like to take this opportunity to thank you for entrusting us with this event, no doubt, the most important of our specialty in the region. We hope the work our team of professionals, physicians and technicians do week after week, with the personal contribution of the highly experienced event planning staff that has been working with us for years now, and has repeatedly shown professionalism and excellence, meets your expectations. Our Scientific Committee, conducted by outstanding colleagues in the field of Interventional Cardiology, has committed to communicate the latest medical advances in the world, and to emphasize the importance of Innovation and Innovators for our specialty. However, this is not the sole purpose we are looking to serve; in addition to delivering cutting-edge techniques and achievements, we answer to the Latin American context, and bring the necessary perspective to understand and act upon our reality. To this end, the societies that make part of SOLACI play an active part in this meeting. In addition to live cases, study cases and debates, the scientific sessions will be highly participatory, to encourage the exchange of experiences among participants, and give attendees the chance to work with simulations and rehearse different techniques. As we move towards 2020, we continue on the path of building a strong program that will interest interventional cardiologists and clinical cardiologists at any stage of their career. A special thanks to the technicians and nurses in our field that can count with their exclusive space to debate their hot topics and share their latest advances. Lastly, I thank the industry for participating, and for providing us with their products, the tools that make possible for us to successfully carry on with our practice. SOLACI’s scientific events also give us the chance to forge new friendships, strengthen our relationships with colleagues, and visit enchanting places across our country, an added value that makes our meetings even more interesting.

I leave you with my warmest regards and look forward to seeing all of you in Buenos Aires.

Do's
- Dining in Booths: We encourage you to serve breakfast, lunch and coffee at your booth.
- Comfortable seating in your space will be perfect to let attendees enjoy refreshments while meeting with your representatives.
- Food and beverages for booths must be ordered through the Hilton Hotel official caterer.
- Giveaways are permitted if they do not compete with the official promotional items.
- Exhibits must emphasize instruments, products, or services.
- Books or other publications in fields of relevance to the professional interests of the Society’s members and meeting registrants are also considered acceptable.

Do Not’s
- Alcoholic beverages.
- Smoking is not allowed.
- Canvassing or distributing advertising material outside the exhibitor’s own booth is prohibited.
- SOLACI requests exhibitors not to schedule social events and unsanctioned meetings which draw physicians out of scientific sessions.

Using Your Exhibit Space

All exhibitors must submit plans of their exhibit design for SOLACI approval prior to July 3rd, 2020.
SCIENTIFIC ACTIVITIES

Symposia

Grants for lunch symposia provide sponsors with full scientific activities. Only exhibitors may request permission to hold symposia. It is our goal to organize a balanced sponsored program that complements the content of the SOLACI Congress program. However, no preferences are guaranteed. The infrastructure resources to carry out all symposia will be the same ones available for the rest of the scientific activities included in the program.

Simultaneous translation (Spanish - English - Spanish) will be available. The company sponsoring the symposium will be responsible for the distribution and purchase of food and beverages. Faculty honoraria, mailings and specific technical support are not included.

Distribution of printed material, including promotional materials, publications, satellite events invitations/announcements, books, audio recordings and/or videos by industry or its agents is limited to the area rented by the exhibiting company in the exhibit hall.

In order to include the contents of the sponsored symposium in the Official Final Program, said contents must be submitted to the Organizing Committee for approval before June 19th, 2020.

**IMPORTANT:** - Lunch boxes are not included and must be ordered to the Hotel Catering Service.
- Placing your company logo in the boxes is allowed. Stickers production cost is not included.

Guest Faculty / Educational Grants

SOLACI Congress will provide a list of the international guests and confirmed attendees. The sponsor may choose, from among these, one or more guests who have an affinity with the company. The sponsor may include their chosen guest in their scientific activities. Guest Faculty sponsorship may be shared in case of faculty participation in live cases or symposia of more than one company. SOLACI Organization previous approval is needed.

This investment will be used to purchase a return business class flight ticket and accommodation for the faculty chosen. SOLACI Congress will request educational grants from the different participating companies in order to support the scientific program. The amount requested for this non-promotional scientific and educational activity will partly cover expenses incurred for the activity.
Live Cases: Seeing Is Believing

Products will be used solely at the discretion of the live case operator and therefore it cannot be predicted when a product will be used during a live case transmission. The Organization will work directly with the different centres to ensure the visibility of the product, according to what was previously agreed. (The cost can be split with another company that has no direct competition)

The theme to be covered will be agreed upon by the scientific commission, the broadcasting center and the sponsor. Material used to carry out a live case, from beginning to end, will be paid by the sponsor. DURATION: 45 minutes each case.

Live in a Box Cases

These are sessions where previously recorded cases in hemodinamycs rooms will be edited and presented. Must be submitted by medical responders who will discuss the indications, strategy, device characteristics, and used and future directions with an expert panel in recorded sessions in which active participation is expected by the public via comments in the lounge and an interactive voting system.

The main objective is to achieve high academic sessions without the constraints of live broadcasts, with an exposure time that enables each case to be discussed in depth, providing an excellent opportunity for demonstration and training in the use of devices in a depth analysis environment of its features and predictable results. DURATION: 15 minutes each case plus discussion.

- Recorded and edited Cases in Buenos Aires in charge of the congress organization: U$S 7,000 per case.
- Edited Cases by sponsor: U$S 5,000 per case.

TERMS & CONDITIONS

These terms and conditions may be amended at any time by SOLACI, and all amendments, upon publication, shall be equally binding on all parties affected by them as the original regulations.

a) Application for Space: A company must manufacture or distribute products and/or services of interest to interventional cardiologists, clinical cardiologists, surgeons and other related healthcare professionals.

b) Ranking System: Priority in space assignment will be conducted according to major support at SOLACI Congress in the past three years. This system will not apply for societies, and non-profit organizations.

c) Space Assignment: Spaces assigned to each Company will be defined by SOLACI’s Sponsors Ranking Order and compromised by the Application form signed by the company representative. Applications for exhibit spaces are subject to approval by SOLACI.

d) Non-Contracted Exhibit Space: Persons, companies or organizations that have not contracted with SOLACI to occupy space in the exhibition hall will not be permitted to display or demonstrate products, processes, or services, solicit orders or distribute advertising materials in the convention center, parking lots, or any hotel contracted by SOLACI.

e) Cancellation or Reduction of Exhibit Space: Notification of an exhibitor’s decision to cancel or reduce exhibit space or ExpoSuite space must be submitted in writing to: SOLACI CONGRESS OFFICE - A. Alsina 2653, 2º piso “H”- CABA (CP C1090AAQ), Argentina. The date of receipt will be the official cancellation/reduction date, as follows:

1. If the exhibitor cancels or reduces exhibit space between January 3, 2020 and April 3, 2020, the exhibitor will pay as liquidated damages 30% of the total contracted space fee.
2. If the exhibitor cancels or reduces exhibit space on or after April 4, 2020 the exhibitor will pay as liquidated damages 100% of the total contracted space fee.

If the exhibitor fails to pay 100% of the total contracted space fee by July 3, 2020 or with applications received after that date, SOLACI will cancel the exhibitor’s participation and is free to assign the released space to other companies. Cancellation of participation does not release the exhibiting company from its obligation to pay 100% of the total contracted space fee and/or all other fees and expenses incurred by exhibiting companies as a result of said cancellation.

f) Mergers: In the event that an exhibiting company merges with, is acquired by, or purchases another exhibiting company, the seniority accumulated by either company (whichever is highest) will be used. Exhibit Management must be notified in writing of such changes, including a public announcement of the transaction.

g) Sharing Space: No subletting or sharing of exhibit space is permitted. Exhibitors may not release or assign any of their contracted booth space to another company.

h) Co-Marketing: If two or more companies wish to be assigned exhibit space adjacent to one another, each company must send a letter explaining the request to exhibit management within one week of requesting exhibit space on-line. Exhibit Management is not responsible for accommodating adjacent space assignment space applications that arrive separately or without documentation. Upon receipt of the application, the space assignment will be made by averaging the co-marketing companies investment. Exhibit Management will locate adjacent exhibits based on the best use of the exhibit floor space. Requests for specific locations may not be honored.

If two or more divisions of the same company wish to exhibit together, they may exhibit under one company name. All housing, badges, and Exhibit Guide listings will be conducted in one name only. Multiple housing blocks and listings are not permitted.

When two or more companies have joint rights to a product and the contract stipulates all company names must appear with the product, the Society reserves the sole right to determine how or if the name of the non-exhibiting company will appear on all exhibit related materials.

i) Applicable Law: Any claim or cause of action arising out of this agreement shall be governed exclusively by the law of the Ciudad de Buenos Aires, without regard to its conflict of laws principles.
